### Rome: Wjjf/Wjjko 40° Congress

Dear special friend (Honto ni no todomachi), we are entering in the trimester versus our 40th Congress of the foundation of the Wjjf/Wjjko which, since it was born, I have the honour and the responsibility of being the president.

In a certain way, time is running out regarding the hotel reservation.

After the 31st march unfortunately the cost of the packages which we have proposed could be subject to an increase of 15% and 20% due to the fact that in June there will be a lot of people coming to Rome for the Jubilee, and the hotels cannot guarantee the previously proposed costs.

### Valete! do honor!

Dear Shihan and friend, everyone is doing a very good job and we are all proud of how things are evolving. Now we are entering in the forthcoming phase of our Great Congress, the 40th from the constitution, and it is time to change the global strategy of our marketing.

It is necessary that everyone makes an effort to coordinate in only one direction, in full harmony, showing outside a real professional impression - the same calibre as our martial level.

This means we need to distribute everything through a central source to avoid duplication or detracting from the main communications being distributed by the Advertising committee.

To this aim we have created an email address, to specifically receive all your drawings, photos, tips and news which will be immediately taken and formulated so that they, as the experts say, will have a “common family feeling”.

Mail address : wjjko@publicationspromotion.it

When the mail arrives the staff will take charge of the material and it will be scheduled so to be in the best format for the publishing.

Thanks in advance for your valuable cooperation and support,

Sincerely yours

The organizing secretaria

### New Tie Federal

Honto ni no todomachi, my dear special friends  
The story of the tie, in Latin vinculum, took our fantasy to the Legions of the Imperial Rome.  
The tie was used to protect the neck from the lorica (armour) Time by time also the tie has changed to the French “voliere” to the typical regimental tie.  
We have studied a new model with our Federation colours  
Red= aka: the strength of the fire  
Blue= ao: the deep of the sky  
Yellow = kiiri: the first ray of the sun  
So we can be in Rome (10-12 June 2016) with a “new and similar” image for everyone.  
The cost of our new ties for the delegation is euro 28 (discount 15%); for the students euro 33  
For orders up to 10, one free tie, this offer is valid till the month of May 2016 and always in relation to our 40° Congress in Rome.  
And that our tie, in Latin vinculum, could bring good luck to everyone.  
Osu  
Giacomo Spartaco Bertoletti  
(Imoto Kaigi President and founder)

### The Balkans “way”

Sofia 5-6 March 2016  
Today the Balkans “way” is crowded with thousands of refugees.  
For us of the Wjjf/Wjjko, the Balkans “way” is an important part of our history, culture and traditions.  
The “3 March” is the Bulgarian National holiday of the liberation from the Turcoman dominium (XIV century -1878). This saint day is simply called Martenitsa, or the independence holiday.  
For us of the Wjjf/Wjjko, the 3 March 2000 takes us back to the first intrepid visit in Sofia with suisheki shihan (to - ken - jitsu) Angelo Balconi invited by the shihan Kamen Radev and Georgj Zarkov.

Now, the way of the Balkans is for us, beside a great motive of pride, the peak of the Koden Enshin Ryu - Gsb - Ha (registered UIBM effective date 05.02.2014 n. 1577938)  
Trying again and again- as the Russian say: davai davai – at our International seminar in Sofia

we have had with us:  
Romania: Shihan George Chivaran, Margarita Puscas, Lucretia Limbiana Lupu  
Hungary: Shihan Tamás SMARAGLAI, Zoltán György BATÓ,  
Russia: Shihan Alexandr Bruzgin  
With them a student from Italy of Shihan Gianfranco Camerini (Hashita) – my uke in the dojo of the European wrestling hq in Sofia - Emiliano Datola.  
And also the presence of Shihan Yavor Diankon who represents the Turcoman countries.  
Work, success, glory for everyone.  
In the name of the Syuseki Shihan Angelo Balconi I/ we have given to Georgj Zarkov shihan, a wonderful tsuba, from the period Komakura (1185-1333) as a memory of a lot of passion and humility.  
The Koden Enshin ryu - Gsb – Ha, has started a little organization with numbered passports (budopass) which are registered in Finland at the HQ of Soke Auvo Niiniketo, who one day, who knows, could follow the “way” not only the Balkan one but also the Scandinavian.  
Our next meeting of the Koden in Kuwait City promoted by Soke Hesham Saleh Aljaser (17-30 March 2016)

Gsb  
(Imoto Kaigi President and founder)

### The blessing

Norcia Italy (11-13 March 2016)  
- St. Benedict (480/547 A.D.),  
The saint patron of Europe was born here in this old Nurcia, pre-Roman (VIII

century B.C.)  
I consider the success of shihan Livio Cesare Proia as “a blessing” for our 40° Congress Wjjf/Wjjko (Ostia Rome 10-12 June 2016), without the many imitations of convenience.  
The 29th edition of an event which saw, soke Robert Clark (1946/2012) and I, since the first editions among the wind, the snow and more.  
Since 2015, Norcia marks another success: the presence of the master Maestro Giancarlo Bagnulo by proxy of the FIJLKAM – the Federation which for disposal of the Coni administers ju jitsu and the martial arts.  
Not all “the swallows come back to the roof”, thank goodness, because more than swallows, they could be crows.

Lucio Anneo Seneca (4°.C./65 A.D.), whose spirit, in a certain sense, lives with his residence in Norcia, should remind “Cave, Corve”, watched by the crow! About time, Seneca always said: “use every minute. If you will be the master of the present, you could be less of a slave in the future, between one delay and another, life slips away”.

The list of the masters, teachers is long and I do not want to forget anyone so I will leave it to Shihan Cesare Livio Proia to thank everyone.

I conclude with the dispel a “mezzuccio di dozzina” – a poetry of Giuseppe Giusti to Saint Ambrogio – in reference to my “goodbye” to the Wjjf/Wjjko, expected this year.

Sure, I mark the time, leaving to the new “Chairman” the running of the Federation (January 2017) which is probably “The best in the martial arts”.

I’ll be vigilant, to win legally some controversies which are still open and this has to be clear.

Thanks, Livio Cesare Proia, for what you are doing in order to honour your past as a “blue jacket” and continue a future of glory!

### The monument to Matteo Pellicone was inaugurated at the Olympic Centre of Ostia

On the 16 February 2016 the monument to Matteo Pellicone was inaugurated at the Olympic Center FIJLKAM of Ostia in the presence of the President of the CONI Giovanni Malagò, along with the Federal President Domenico Falcone and the highest sport authorities, both civil and military.

Matteo Pellicone has been for more than 30 years the mentor of Judo, of the wrestling and of the Italian Karate as well as the creator of the Olympic training centre building that has his name. Under his presidency flourished unforgettable champions in the most important international competitions that in the senior class alone led 730 individual medals and 80 for team to the Federal pal-

mares

“Matteo Pellicone was one of the longest lived Federal presidents- said Giovanni Malagò in his speech - but I think the point is not how long could a president last, but how capable he is, and Matteo was the most capable of all the presidents. This Olympic Centre which was built and left as heritage to his athletes and successors is testimony to this.

He was an innovator who was able to pursue his dreams facing as a sportsman also the difficulties and he built a house which is an unicum for the sport which he represented and for sport in general. In fact if Rome, as we hope, will reach his Olympic goal this Federal centre will be one of the core of the system of hospitality and training. I’m proud I have known a President, but even more a man of prestige.

Among the many personalities in the world of sport and of Politics gathered in Ostia for this event, there was also the president of the court of auditors Raffaele Squitieri, the president of the Worldly Federation of Karate Antonio Espinòs, the General secretary of the United World Wrestling Michel Dusson, the General secretary of the European Union di Judo Envic Galea, the general secretary of the CONI Roberto Fabbicini, many Federal presidents and the high military commands as representing the Military sport groups- Very emotional was the moment in which the Olympic champions Giulia Quintavalle and Andrea Minguzzi (both gold in Beijing 2008 in the judo and in the wrestling) and the world champion of karate Luigi Busà, revealed to the audience, along with Pellicone’s widow, the monument Marina. The basso-relievo in bronze is made by the Italian artist Italo Celli and it will be added to the other ones preserved in the Museum of Combat sport of the Olympic centre FIJLKAM in Ostia.

During the ceremony, was also presented the autobiographic book Matteo Pellicone: the President” written by the journalist Vanni Loriga with the historic Livio Toschi and published by the FIJLKAM.
