(Suemonagiri)

Kuwait City (11/13 March 2016)

I have said or better I have written, that our delegation in the Middle East was developing very fast. More important that some "volunteers", who like to appear on the web, as for image!

After the jujitsu, "Syllabus", of Soke Robert Clark (1946-2012); my seminar of security; kendo; shuriken- jitsu also with Soke Fumon Tanaka, since time Kodan Enshin Ryu – Gsb Ha registered at the office of the register UIBM effective date 05.02.2014 by n. 1577938 ha become strong.

Soke Hesham Saleh Aljaser style "Tajwee al Kital",

which indicates a combination of martial arts, among them Jujitsu, Silat, Muay Thai, Kyokushin Kai, ect... already recognized by the WjjConfederation, organized a seminar of improving for the school shinken = real sword. The Kuwaiti and the noble family of the Soke Hesham Saleh Aljaser, love horses and also the white camels and the hunting with the royal falcon, a noble predatory.

Surprise in the "private dojo", I found a falcon who watched our lesson: his spirit takes us among the clouds of the sky (ten – do).

The falcon as for the eagle: "do not listen to your eyes, and do not believe what you see. The eyes only see what is limited. Look with your understanding and discover what you already know, then you can learn how to fly" (Richard Bach)

The success has been beyond the forecast. Besides the words the facts are more important- photos of our seminar- which are giving the warranty of our job done and in movement.

I always repeat that it is the quality, and not the numbers, which create a school. And also in this case we are right.

Soke Hesham Saleh Aljaser, with the level Kodansha menkyo for the Koden, at the end of the seminar, cut with his katana – and old military sword shinto – his first bamboo " ICHI NO TEKKO", showing us beside the capacity, a great jumble spirit, (in Japanese, SHIN means also heart).

We are kindly waiting for a delegation from the Kuwait in Rome in June (10/12 June) for our 40° Congress, even if it is during the period of the "Ra-

The Japanese call this season “HARU
NO KAZE”, the wind of spring. It is the
moment of the flower of the cherry-tree
the “Sakura” the spirit of the samurai.
Every samurai like to compare the life to
that of a cherry tree bud.

It blossoms rapidly, it generates a wonder-
ful flower and after falls down and dies!!
Today Shihan Giancarlo Koliotassis, co-
mes back with the perspective of a new

Remember Syuseki Shihan (Ken

on the beach of Santo Domingo,
in martial terms there is nothing
interesting than a tai-kai of
kenjiutsu (Koden Enshin Ryu

There could be a lot of things to
say in this moment where a lot
are waiting for my back step.

I'd like to remember: listen and
forget: look and remember. Train
and understand!!

Everyone could meditate about this. In agreement with Angelo Balconi sensei,
another TSUBA, probably from the period of Kamamura (1185-1333), is giv-

4° European Championship: children and club juniors

The founder master Pham Xuan Tong has accomplished 60 years of training. 5 historic times where the young dragon Pham Xuan Tong met the “great dragon” Chau Quan Ky and since this meeting was born step by step the school/Federation dedicated to the master Chau Quan Ky.

It could not be a better party which gave the “kick start” to an agonistic event of technique (kata) and combat, beginning from the young students of the World Qwan ki do” member Tafisa, sport for all!

On the evening of Friday, in the name of Soke Robert Clark, Gsb gave a diploma of the “Hall of fame” of the Wjjf/Wjko to the master Tong, as a sign of respect and gratitude for the cooperation which began in Milan in 1978.

Roberto Vismara, the student of the master Tong since all the time – if we could say that- he received the recognition of his 7° dan (nona dan) in the Federal roll.

To the “sword men”, Ken shi”, as the founder master Pham Xuan Tong and Roberto Vismara, assistant (kai – sha kun) with Suysheki Angelo Balconi who lives in Santo Domingo – we thought about the two Tsuba from the Kamakura period.

Coming back to the European Championship (800 among children and juniors) I’d like to remember some words which the master Tong has underlined at the opening of the event: thanking parents and relatives for the support because our children are the future and not only of our school but of all the schools.

The Japanese call this season “HARU NO KAZE”, wind of spring. Is the moment of the cherry-tree the “Sakura” the spirit of the samurai

And that this wind could take more success!!!

Thanks master Pham Xuan Tong

Sakura 2016 – One seminar in Bulgaria

Anyone who travels to Japan in the spring, will witness one of the most exceptional natural events in the country, namely the phenomenon sakura or blossoming of cherry trees.

Hanam in translation “watching color,” which is associated with sakura, is an ancient Japanese custom, which will begin in VIII century, when the upper classes have enjoyed flowering cherries and written poems, inspired by the beauty and exquisiteness of trees.

Today modern Japanese love to walk around the endless gardens and parks to enjoy the beauty of the many trees covered with millions of blooming flowers, whose colors range from white to pink.

The most popular type of Japanese cherry sakura and is growing throughout Ja-

pan. In the culture of the ancient country cherry tree symbolizes fortitude, the trials of life and striving for perfection. Sakura trees bloom at different times and usually the period of blooming to overblown is very short.

The most important factor in determining the timing of flowering is geographical location. The southern subtropical island of Okinawa cherry blossoms begin to bloom as early as January, while the northern island of Hokkaido this phenomenon occurs far in May.

The Japanese Meteorological Agency annually submit information, when and where will be the best time to monitor the spring awakening of cherries

This is the idea of our seminar in early spring - this is our spring awakening. Already once 11 way we are happy to realize that such a beautiful and interesting seminar in Bulgaria. Courtesy of Hikari Dojo Bugras, and thanks to Veli Aslan Sensei this year held a unique seminar. Unique because for the first time managed to collect 5 Shihan in one place:

Shuisheki Shuhan Stefano Draghi (It), Shihan Alesander Bruyzgin (Rus), Shihan Tamás Smaraglai (Hung), Shihan George Chivaran (Rom), Shihan Kamen Radev (Bul). We can definitely say that these five Shihan together made a much-anticipated event - five different ways to look at ju - jutsu from every aspect. Numerous techniques are numerous methods for their understanding and yet you realize how huge the world of art bequeathed to us by our instructors. Maybe examination for Kyu and Dan degrees and personified fortitude and commitment to excellence of all who laid it. Nearly seven hours continue throughout the exam before the five-member technical committee WJFF / WJJKO. With pleasure we can boast among our new KYU degrees, and with our new media DAN degrees: 1 DAN Abed Afzali, 2 DAN Monika Zarkova, Petko Petkov, 3 DAN Veli Aslan, Ivan Grozdanov. One spring awakening, characteristic of this holiday Sakura. Expectation only new and positive things in the new year.

Paul Hoglund

We were very sorry to hear news from our dear friend and colleague Paul Hoglund, who has been incapacitated lately due to a serious problem with his foot.

He was very apologetic about his lack of communication of late, but this is totally understandable due to the serious operation he has had to undergo, resulting in amputation and he will now, of course, be undergoing rehabilitation to adjust to his new prosthetic limb.

We know that Dr Hoglund is an inimitable spirit, who will not be beaten by this new challenge in his life and we wish him a speedy recuperation in order to be back co-operating closely with us once again.

with the Air Force club until being assigned overseas. The Air Force instructors had just returned from the Kodokan where they had received instruction in Judo, Jujitsu, Aikido and Karate. Their job was to teach the Air Force bomber crews self defense. Finding no Judo at his new station in Newfoundland, Sharp trained when and where he could.

After an honorable discharge from the Air Force in 1956, Sharp returned to his home in Oklahoma and continued his training in Judo and self-defense with his brother Jerry and a close friend Tom Lewallen. Lewallen had studied Judo while in the Navy. Sharp, along with his brother and Lewallen, joined the Tulsa YMCA and trained with the Judo class there. He competed in a lot of Judo tournaments in Oklahoma and Texas in the late 50's, and in the early 60's he won several overall championships. Sharp joined a Goju Ryu Karate class for three months while training at the YMCA, but after receiving his yellow belt he knew that this was not his true calling. While at the YMCA he instructed Judo classes and he also taught local Explorer Scouts. He also taught self-defense classes to several women's groups through the Tulsa Park System. In 1965 Sharp received his Shodan in Judo from the United States Judo Federation.

In 1966 Sharp started Judo of Tulsa where he offered instruction in Sport Judo and Jujitsu. Judo of Tulsa produced several State Champions during its years of operation. He was one of the officers elected at the beginning of the Oklahoma Judo Federation, serving as the treasurer of the Federation. Sharp was elected as the third President of the OJF, and also served as an Oklahoma AAU Judo Chairman. In 1969 he attended the National AAU meeting in Miami Beach, Florida as Oklahoma AAU Judo Chairman. He received his Nidan in Judo in 1970 through the United States Judo Association.

In 1972 Sharp received a better job offer, closed Judo of Tulsa and moved his family to Oklahoma City, Oklahoma. He found many Martial Arts schools, and taught Judo at several of them. While teaching Judo at a local Kung Fu school, Sharp joined their Aikido class. He joined another Aikido school in 1986 and taught their Judo class for over a year while continuing his training in Tomeki Aikido. During that time he received his Shodan and Nidan in Tomeki Aikido as well as his Sandan in Judo. In 1990 Sharp started teaching Judo classes at Shobu Aiki Dojo while continuing his study of Aikido. In 1991 he was promoted to Yondan in Judo through the United States Judo Association. In 1993 he started Sharp Judo and Jujitsu in his garage teaching Judo, Jujitsu and Aikido.

In 1995 Sharp was promoted to Rokudan in Judo and Jujitsu while attending Camp Bushido in Colorado Springs, Colorado. He served on the USJA Jujitsu Committee and Jujitsu Promotion Board until 2004 when he resigned from

both positions after serving 10 years on the Jujitsu Committee. In 2000 Sharp started putting his vast knowledge of Judo & Jujitsu on videotape. Since that time he has produced and marketed 6 martial arts videos covering self-defense techniques, Jujitsu throwing techniques and grappling techniques. Each series contains two videos.

In 2001 the school was moved to a new commercial location where it remained for three years. Sharp then decided to move from that location and share a facility with a local Judo club.

In 2005 Sharp was promoted to Shichidan in Ju-Jitsu and Traditional Kodokan Judo (TKJ) through the United States Ju-Jitsu Federation (USJJF) and the International Traditional Kodokan Judo Program of the Martial Arts International Federation (MAIF).

Martial Arts accomplishments:

- 7th degree black belt in Judo - • 7th degree black belt in Ju-Jitsu - • 3rd degree black belt in Aikido - • Senior Judo examiner - • Master Ju-Jitsu examiner
- Certified coach - • Produced and marketed a Martial Arts video tape series on Judo, Ju-Jitsu & self- defense
