### A Great Success

2015 The 24th TAFISA World Congress...!!

From 14 - 18 October, 2015 in Budapest Hungary, The Association For International Sport For All (TAFISA) conducted its 24th World Congress...!! Hundreds of delegates from many countries from across the globe attended and participated in this Wonderful Conference & Celebration all about Healthy Living with Sport For All...!!

Shihan Stefano Draghi (7th Dan) offered an insight into continuing techniques of Jiu-Jitsu. Robert Schenk (6th Dan Jiu-Jitsu and President of the WJJF Switzerland), and Richard Schmidt (6th Dan Jiu-Jitsu and Vice President of Sport WJJF-D), Ulrich Häßner (6th Dan), Steffen Lingslebe (4th Dan), Danny Griefsbach (4th Dan) and Andreas Neldner (1st Dan) gave instructions about the different techniques of Jiu-Jitsu over the few days. Kyoshi Rainer Gritt (8th Dan and President of the DJJU) refined the image using leverage techniques, while Torsten Kosuch (6th Dan and Vice President Administration) showed quick and short techniques. A special highlight was Anton Weinberger (9th Dan Bojewejoje Sambo), who passed his knowledge from the Sambo.

But the intense and exciting training with the great masters was not everything on these days! There was a cooperation agreement signed between the WJJF-D and the DJJU, represented by the Presidents Josef Oberhollenzer and Rainer Grytt, which emphasizes an efficient and targeted cooperation under the Budo in the future.

After the training, the participants found a sauna or a pool to relax and also an evening program for celebration. On the Budoparty DJ "Micha" played very good music, so sometimes it was very tight on the dance floor. But even the good cause was not forgotten at all. The Budo society Adorf collected donations for the children's home Tannenhof in Erlbach for several years. With the raffle, which was a lot of fun, 800 Euro could be taken this year. "Thanks to all donors."

Although the night from Saturday to Sunday was extremely short for a lot of the participants., they met again on Sunday for three hours on the mat, in order to be trained in two training sessions.

Finally Shike Giacomo Spartaco Bertoletti indicated to the World Congress of the WJJF / WJJKO in June 2016 in Rome, where all the WJJF-D members are invited to come.

After lunch on Sunday, everyone agreed: "It was a great weekend with highly qualified masters and highly disciplined and motivated participants".

Life is made of steps... there is someone climbing down and someone climbing up 500 steps!

Lipsia Germany 23-25 October 2015

The Wjjf Deutschland could be considered the 3rd reality of the jujitsu, made in soke dai Clark/Gsb.

### The international meeting of the Grand Masters

From 23 - 25. October 2015 a spectacular seminar in the Saxon Erz Mountains took place. The Budo society Adorf had the great honor to welcome a number of national and international teachers for this event. The path to the Rabenberg was found by a total of 180 Budokas from Hungary, Italy, Switzerland and Germany to do sports together on two days on the 580 m² Tatami.

On the first day Ulrich Häßner, Technical Director of the WJJF-D welcomed the participants and wished them a pleasant stay. Josef Oberhollenzer, President of the WJJF-D was pleased with the great response and thanked the team of the Budo society Adorf for the organization.

And they were ready to rock and roll: First, the international president of the WJJF / WJJKO Shike Giacomo Spartaco Bertoletti (9th Dan Jiu-Jitsu) and

the presidency of Josef Oberhollenzer, the Iron Tyrolean, and do not forget first rank staff with Richard Schmidt, the future president in 2016.

So thinking about the past, we are suysheki - shihan, Stefano Draghi and I in Lipsia, Germany. Lipsia, is well known because of the second important battle of Napoleone Bonaparte (1769 –1821) 1st Consul of France (1799), and later the Emperor of the French, after the battle of Austerlitz (1805), considered important for who are following the military career.

Torsten Kosuch, shihan, brought us to visit the monument “Völkerschlachtdenkmal” (in Italian: “Monumento della Battaglia delle Nazioni”). The monument was built where there was the chief of Napoleon during the battle; began in 1897 and completed in 1913, is offering something more than a simple view of Lipsia or Leipzig.

The monument was built more than 100 years, after the war of the liberation from the French (Forum Vienna 1813). In the crypt the ossuary of the dead from different armies which participated at the battle, fought with great fury by both parties, with the first participation of the great armies of the European powers anti-French (Russia, Prussia, Austria e Sweden)

Therefore 500 steps to arrive at the top of the platform. I do not know if it was the will to put me in silence or for a momentary break - out of the lift.

SO we had a very nice walk!!

Saturday 24 October the Wjjf/Wjjko, introduces this formation:

Germany: Josef Oberhollenzer shihan, and Richard Schmidt shihan

Switzerland: Robert Schenk shihan

Hungary: Tamas Smaraglai shihan

Besides sambo, Anton Weinberger and Rainer Grytt, for Germany signed a cooperation protocol with the Wjjf Deutschland.

245 participants, not really bad!! What else can we add?

Wherever you go, you find our Wjjf/Wjjko !!

Also Liverpool think about us!!

### Biography of shihan David Flaherty M.B.E.

Shihan Dave Flaherty started Martial Arts in 1957 when his arts of choice were Judo and Boxing. While serving his country he joined Ju-Jitsu classes with the army in 1961 and two years later achieved his 1st Dan, pushing on to open his first Club in Northwich in 1968.

His 2nd Dan & 3rd Dan followed with Budo of Great Britain, and he continued training with them until he was invited by Soke Robert Clark to join Wjjf-Wjjko at its inception in 1976. It was with our Federation that he then progressed through the ranks – attaining 4th Dan in 1979 and the prestigious Master Grade with World Ju-Jitsu & Kobudo in 1984.

Shihan Flaherty started the official Coaching programme for WJJF in the early nineties and was awarded title of ‘Director of Coaching’ in 2004 by Soke Clark. Being very much a perfectionist in all areas he moved on to take qualifications in Assessor / Internal Verifier and External Verifier for City & Guilds Awarding

*D. Flaherty receiving his black belt*

Body. Much to the great pride of Soke Clark, Shihan Flaherty, assisted by partner Helen Travis (Master grade), obtained the coveted NVQ centre status for WJJF headquarters in 1996.

In 1998, Shihan Flaherty was given the wonderful accolade of being awarded an MBE for services to Martial Arts in the Community and for the disabled. He developed courses for Special needs students in M.A in 1980, & disseminated his knowledge and expertise in this area down to other coaches on the ground, promoting inclusion for everyone so that students of varying needs are easily accommodated within our Federation to the present day.

Shihan Flaherty is also trained in the Russian Martial Art, Systema, of which he has been an Instructor from 2000, running clubs in Cheshire and Shropshire and he also oversees Ju-Jitsu Clubs in Cheshire, Shropshire and Herefordshire.

---

But we have so far only spoken of Shihan Flaherty, the Martial Artist. He is a very multi-faceted character whose background and experience has built the character of the man. In the Mid 1980s he worked with the occupational Health Unit Cheshire CC as a First Aid Tutor. He continues to regularly deliver courses for First Aid at Work, Emergency First Aid, and Paediatric First Aid.

Following his determination to further educate himself he graduated from Open University in 1990 with a BA Hons and went on to complete a Post Graduate qualification.

His wealth of experience that he brings to his coaching was gleaned from his roles in the army as a PTI Unarmed Combat Instructor, NBC Instructor, Combat Survival Instructor and a Combat Medic. This background made him aptly placed to run courses in Martial Arts for the SAS in Hereford and also at Eton College in Windsor. Shihan Flaherty has been a qualified RLSS Tutor National Trainer Assessor from 1966 to date, and was also awarded Honorary Life Member Status 2011 (Life Saving).

---

Shihan Flaherty thought he had reached the pinnacle of his Ju-Jitsu career in 2004 when he was awarded 8th Dan only to find eight years later in 2012 – he was awarded with the honour of attaining 9th Degree for his loyalty, dedication and passion for the art.

Today he is greatly respected by the immense number of young people who have come up through the ranks of our Federation under his supervision or examination, and the vast and growing numbers of coaches in the UK who owe their profession to his teaching and qualification under the WJJF Training & Development Services, as it was named when under his direction.

Currently the head of WJJF-WJJKO GB, his latest course, which is being organised in aid of Christie’s Cancer Charity, will be a ‘Legends of Ju-Jitsu Masterclass’ with himself and President Bertolotti, supported by Kai cho, Ireland David Toney, a personal student of Soke Clark, and of course the Cheshire Budo Federation team.

Event: 14th November at Rudheath Leisure Centre.

Students will be in attendance from various clubs over the UK, including Northern Ireland.

It is a unique opportunity to train with the originals from the Federation and the course is endorsed by the Robert Clark Foundation.

### Fantastic achievers at the Dojo, Ballymena

As the students from all over Northern Ireland eagerly congregated at the Dojo Ballymena, the level of excitement and anticipation was tangible.

Among them were over 100 young people attempting their Junior Black belt and Gold Tab Kobudo gradings and 50 adults from 1st – 4th Dan grade.

Of particular note, was the promotion of six of our members from our clubs in the South of Ireland to NiDan grade. Both Milford and Budo Ju-Jitsu Rosgoil clubs have made great progress in the last year and for both of these, originally quite small clubs, to have so many members progress to 2nd Dan is a mark of the exceptional work of the coaches there.

Finally Gareth Rainey – coach of Galgorm and Ballymena North Ju-Jitsu clubs,

Gareth was a personal student of Head of Country Kai cho David Toney from he was just 14 years of age, volunteering in the club from the age of 16. 'It gives me great satisfaction to see all my students progress,' said David Toney 'but I've known Gareth since he was a young boy and watched him grow and progress into a fantastic coach – so for him to now reach this momentous stage in his Ju-Jitsu career is a really proud moment. 'Master Rainey' has worked so hard over the years and he really deserves this prestigious grade.'

Moscow 31 October 1-2 November

In spite of the crisis for the embargo, the flight crash in the Sinai area, the air of Santa Klaus – the babusca, Christmas Father- is predominant.

The area of the "Exposition show", and of the "Soviet" conquests has been renewed, improved, modernised, becoming a great centre for the International exhibitions.

as Iosif Stalin (1878–1953), an iron man, and it was finished after the crisis of Cuba in 1956, when the world for a moment was shaken by a possible nuclear war. Now we are playing a war climbing down 69 meters under the road level, and we are enjoying “a museum for not forgetting”!

Let's talk about us. We came back to a “VIP dojo”, really to one of the stands of the “expo fair”; the State TV, martial channel- if only we can have one like this! The seminar is opened by our Shihan Alexander Bryuzgin, with an interview to Gsb, about the “difference between traditional and modern mma – K1-Brasilian jujitsu etc ...”.

What can we reply if not: “we teach ‘culture’, ‘education’; values missing today in our consumption society and of face book, twitter and co.”.

Syusehi - shihan Stefano Draghi worked in order to give a good revision of the “glorious Syllabus”, edited in 1979. Cutting and cutting today of that great grammar, which is the “Syllabus” it is remained the supporting heart of the elaboration of Soke – dai Robert Clark, the great master everybody is talking about, but few are considering really.. Details!

The Kodan Enshin Ryu – Gsb/Ha, duly registered by the office of the register UIBM with effective date 05.02.2014 n. 1577938 – under the insignia of my family, so to avoid some usurper from creating a flag, is continuing the activity, without interfering, neither remotely, on the interpretations of the “Syllabus”.

It could be also the time for some exams for the 3 levels: mudansha, yudansha, kodansha.

In agreement with shihan, Alexander Bryuzgin, we have decided to postpone them to the new year. And so with Moscow, I have finished a period in which I travelled from one place to another: in August Hungary; in September Austria and Uk; October Germany and Russia.

I welcome in November the forthcoming course in GB (Rudheath 14), and its problems which will straighten the few hair I have left in my head! We should remember “look at the other mistakes and correct yours!”.

### Seminar in Istanbul, Turkey

In this big town, which has changed its name twice (Byzantium became Constantinople, Constantinople became Istanbul), now live about 12.5 million people. Unique is its silhouette with well-shaped minarets, gently sloping cupolas, bridges, thrown over the Golden Horn and the Bosphorus. It is in Istanbul where the East and the West, Europe and Asia meet, and traveling along Turkey usual-

ly begins here, in this metropolis, which served as the capital of three empires: the Eastern-Roman, the Western-Roman and the Ottoman. Like in other areas of the country, in Istanbul the presence of different civilization, mixed with one another, is vivid. The grand Bosphorus flows through the town (bull's ford, as mythology explains this name), the strait, 30m long, connecting the Black Sea and the Marble Sea.

In this megapolis, under the management of Shihan Yavor Dyankov - 7 Dan WJJF/WJJKO, and with the kind cooperation of the Turkish Ju-Jutsu Federation, with President Orhan Ozakti, 2 seminars were held both in the European and the Asian parts of the City. Participation involved about 200 persons, as a great part of them were children. The topics were development of self defence with qualification and principles of techniques, as well as directions and stages of self-defence education, etc. A methodology of working with children was demonstrated with the purpose of developing the techniques and development and strengthening the intellectual culture.

At the end of the seminars, the kyu and dan diplomas were handed over, during an open ceremony for parents and outside persons. The events were reflected in some local media (newspapers and television), which assisted the popularization of WJJF/WJJKO in Turkey. It was agreed for a big seminar to be held next year, where the President of the WJJF/WJJKO - Shike Bertolotti will also be invited.

*The delivery of the diploma “hall of fame” to shihan Iwasa Sei, vice president of the Ken shu kai of Kobe by Sean Henke president Fesik In memory of so shihan Eiji Ogasabara (1935/2011) Back in 1979 during the Ceremony of goodbye “den-sho shiki” delivered the first 9° dan Wjjf to soke Kyosho Saburo Minaki for the cooperative spirit not only for the hontai yoshin ryu*
