## **Method for Handling Athletic, Coach, Officials Memberships**

### **In incorporated areas:**

1. Local RJJO provides Application and waivers
2. Application and waivers given to any person requesting membership
3. Membership application with membership fee and signed waiver given to RJJO Registration Committee
4. Registration Committee approves or disproves application
5. Application with proper fee and waiver then sent to National Office, 3816 Bellingham Drive, Reno, NV 89511 after RJJO deducts their portion of the membership fee.
6. National Office vouches that correct amount received and forwards application to data entry for issuance.
7. Computer Division enters data and prepares card for issue.
8. National Office mails card to RJJO of residence. RJJO issues card to individual.

**In unincorporated areas:**

1. Individual applications and liability waivers are requested from National Office or state chairman
2. Application, waiver and all fees are sent to the National Office
3. National Registration Committee determines if eligible
4. Application with proper fee and waiver then sent to National Office, 3816 Bellingham Drive, Reno, NV 89511 after RJO deducts their portion of the membership fee.
5. National office vouches that correct amount received and forwards application to data entry for issuance.
6. Computer Division enters data and prepares card for issue.
7. National Office mails card to RJO of residence. RJO issues card to individual.
8. If there is an appointed Director for this area:

  - b. All forms and money still goes to the United States Ju-Jitsu Federation
  - c. The Administrator may request upon proper documentation expenses
  - d. Such expenses may not exceed the RJO's relative portion

A RJO can accept applications at a competition from individuals who live in another RJO. All money and applications must be returned to the athletes home RJO within two weeks for processing to the National Office and for review of the membership.

All registration applications must be fully completed and signed. They must include all data and be readable. Otherwise it is difficult to enter the data and produce a membership card with no mistakes. Registrations received which are not fully complete or illegible will be returned and not processed.

Registrations received at the national office or by other RJO's are to be returned to the RJO of residency. RJO's are not supposed to register athletes from other RJOs and if you do you are to forward the registration within two weeks to the proper RJO.

All registrations forwarded to the Federation must be sent to the National Office. Do not mail any registration material anywhere else. This also goes for sanction and club memberships. Registrations are first vouchered at the National Office and then forwarded on for data entry. See special procedures for life members.

**Method for Handling Life Members**

Life Membership Applications:

Forward all Life Memberships to the National Office, Attn: John F. Chatwood, Treasurer.

Life members receive only one Life Member card. Just put the life member number where it asks the amount paid on the membership application and forward it to your RJO for processing in the normal

manner. You will be issued a competitor card and number for that year as evidence of continued eligibility.

### **Incorporated Regional Ju-Jitsu Organization**

1. Have the applicant for the sanction complete the appropriate sanction application. Make sure the correct and most current sanction application is used and that the either a Class A (insured) or a Class B (uninsured) sanction is indicated. Sanction applications with no *Class* indicated will be processed as Class B sanctions.
2. Collect the appropriate sanction fee and the deposit, if any, and indicate approval or disapproval. Forward the sanction application to the National Office with the national portion of the sanction fee. Final approval for the sanction must be given at the National Office.
3. At the same the time the sanction is sent, forward any request for a certificate of insurance. Use the form provided by the insurance company. (Note, any express or overnight or overnight charges to forward certificates of insurance will be paid by the RJJO or the applicant.) This is for Class A sanctions only.

4. The National Office will check to see that all other sanctions have been closed off for this applicant. That is, that national entry fees from past sanctions have been paid! Note, if the sanction is on behalf of the RJJO, then the RJJO must have paid all past national entry fees and be current on all money due the federation.
5. If all national entry fees are paid, the National Office will then issue the formal sanction by stamping approval on the sanction application and returning it to the RJJO. The RJJO will then forward the sanction approval to the applicant.
6. A copy of sanction will be forwarded to treasurer to collect the per competitor national entry fee after the event is held.
7. A copy of the sanctions is also forwarded to the National Registration Chairman.

### **Unincorporated Regional Ju-Jitsu Organizations and Committees**

1. Have the applicant for the sanction complete the appropriate sanction application. Make sure the correct and most current sanction application is used and that the either a Class A (insured) or a Class B (uninsured) sanction is indicated. Sanction applications with no Class indicated will be processed as Class B sanctions.
2. Collect the appropriate sanction fee and the deposit, if any, and forward the sanction application to the National Office with the entire sanction fee and any comments you may wish to make. (Some unincorporated areas may be permitted to deduct the RJJO portion of the sanction fee if authorized to do so by the National Office.) Approval for the sanction must be given at the National Office.
3. At the same the time the sanction is sent, forward any request for a certificate of insurance. Use the form provided by the insurance company. (Note, any express or overnight charges to forward certificates of insurance will be paid by the local representative or the applicant.) This is for Class A sanctions only.
4. The National Office will check to see that all other sanctions have been closed off for this applicant. That is, that all required reporting has been met and that the national entry fees from prior sanctions have been paid.
5. If all national entry fees are paid, the National Office will then issue the formal sanction by stamping approval on the sanction application and returning it to the local USJJF representative. The local representative will then forward the sanction approval to the applicant.
6. A copy of sanction will be forwarded to treasurer to collect any required sanction fees.
7. A copy of the sanctions is also forwarded to the National Registration Chairman.
8. If there is no local representative, a request for sanction can be obtained from the National Office. Complete and return the application directly to the National Office with the sanction fee.

Requests for international sanctions must be handled separately from other sanctions. All requests for international sanctions must go through the National Office. No RJJO has the authority to approve an

international sanction. International sanctions are required whenever competition is held between citizens representing different countries.

1. Sanction is required for all international competitions and only the United States Ju-Jitsu Federation may sanction an international event.
2. The Sanction required for International purposes shall be granted any domestic organization conducting an international meet if the meet satisfies all proper requirements and protects the eligibility of the participants for future contest in international competition. The organization conducting the meet is considered to have the necessary ability to responsibly carry out the responsibilities required.
3. All requirements pertaining to the reporting of all financial obligations and moneys and the necessary affidavits required to maintain eligibility of Ju-Jitsuka shall also apply to any sanctioned international events.
4. The local RJJO or committee chairman can assist the applicant by providing the correct and most current international sanction application and in helping the applicant organize all data required to evaluate an international sanction. See the sanction application for the required information that must accompany the request for a sanction.
5. The application with a \$100 minimum and deposit sanction fee is then sent in to the National Office for evaluation. The RJJO or committee chairperson may attach any comments felt appropriate to assist the National Office in evaluating the sanction request.
6. At the same the time the sanction is sent, forward any request for a certificate of insurance. Use the form provided by the insurance company. (Note, any express or overnight charges to forward a certificate of insurance will be paid by the RJJO or by the applicant.) This applies to Class A sanctions only.
7. The National Office will check to see that all other sanctions have been closed off for this applicant and that all other financial responsibilities have been met. That is, that required reporting from past sanctions has been done and no money is due the federation. Note if the sanction is on behalf of an RJJO, then the RJJO must be current on all moneys owed.
8. If all all financial responsibilities are paid and all information is complete, the USJJF will evaluate the sanction request. The National Office will then issue the formal approval or denial by stamping the sanction application and returning it to the requesting body with a copy to the appropriate party.
9. A copy of sanction will be forwarded to treasurer to collect the remaining sanction fee after the event is held. He will follow up to see that all appropriate financial reporting is made if the event is approved.
10. A copy of the sanction is also forwarded to the National Registration Chairman so that he can determine if international permits need to be issued to participating US athletes.
11. A copy of the application will be sent to any RJJO or state chairman where the event is located if applicable.

12. Except where such international event is arranged for and conducted by the United States Ju-Jitsu Federation and where all net proceeds go to the United States Ju-Jitsu Federation, every organization to which a sanction is granted to conduct an international event (contests between two or more nations) for which an admission is charged and received, shall be required to pay as a sanction fee 5% (five percent) of the gross proceeds to the United States Ju-Jitsu Federation.

## **Guidelines for Sanctioning and Conducting United States Ju-Jitsu Tournaments**

1. If your club should decide to hold a United States Ju-Jitsu Tournament, you should contact your regional sport organization or state chairperson for a sanction application.<sup>1</sup>
2. After you have completed the sanction application, you must get the approval and signature of the regional sport organization or state chairperson on the sanction application.
3. The RJJO then requests approval or disapproval of the sanction and forwards the sanction request to the National Office for issuance. At this writing, the sanction fee is \$100.00 and this fee is required to be paid in advance. Sanction fees may vary from RJJO to RJJO, but the minimum requirement is \$100.
4. If your tournament is a closed competition or limited to a few selected clubs, then these clubs should be notified. If this is an open tournament, then you should contact the regional ju-jitsu organization or state chairperson for a list of registered ju-jitsu clubs in your area. Other regional ju-jitsu organizations or state chairpersons can assist you in learning of other clubs in other areas that might be interest in competing at your tournament.
5. Since the United States Ju-Jitsu does allow unattached athletic members to compete-that is, athletes who are not members of a member club, you should also determine what other ju-jitsu groups or unattached athletes may be interested in competition and invite them to your competition. Your regional sport organization or state chairperson can probably give you a list of registered unattached athletes to contact.
6. The next step is to develop the entry form. The entry form must be approved by the regional sport organization or state chairman. On both the tournament flyer and entry form, the following information must appear:
  - a. Proposed modifications to the USJJF/WJJC Rules. These must have the approval of the regional sport organization or state chairperson. They can be in the manner of different divisions, the allowance of pads for adult competition, modification to uniform requirements, etc. Modifications not appearing on the entry form and tournament flyer should not be allowed. Rule changes for qualifying tournaments to the National Championships are strongly discouraged;
  - b. Advise that each athlete competing must be a registered eligible athletic member of United States Ju-Jitsu;
  - c. Advise that junior athletes should be prepared to present proof of age should a question of age arise;
  - d. Notification that a national entry fee is being included for each competitor as part of the entry fee.
7. After you have prepared your entry form and tournament flyer and before printing it, you should meet once more and review with the regional sport organization or state chairperson your forms and

<sup>1</sup>RJJO or State Championships are usually contracted on a bid basis and are limited to clubs and athletes within the RJJO boundaries. The regional sport organization or its designate is responsible for the running of this tournament. This is usually the qualifying tournament for competitors to the National United States Ju-Jitsu National Championships.

any proposed rule changes for this tournament. It is also a good idea to review the USJFF/WJJC Rules and the methods and procedure for holding matches under these rules with the regional sport organization or state chairperson to insure nothing is overlooked in your preparation.

8. The next thing you should do is to contact the local referee certification representative for your area and enlist his help in insuring that enough qualified referees are available to hold the competition. You may desire to arrange a special clinic for your club and others on the rules which will be used at your tournament. This will help insure that a number of qualified referees, judges, timekeepers, charters, and scorekeepers are available to meet your needs. This is also of good educational value to the athletes who must compete under these rules.
9. Finally, your local regional sport organization or state chairperson should help you get enough athletic membership applications for the planned turnout at your competition. Make sure you understand exactly what the appropriate membership fee is, it can vary by area, and that each participant is a registered member of the federation. If your tournament involves other RJJOs', you should contact them to get their membership forms as it will advise their fee requirements, if different, and facilitate the registration of their athletes.
10. You are now on your way to holding a United States Ju-Jitsu sanctioned ju-jitsu competition. Having developed an understanding of what is required, all that is left is to put your knowledge into the effort required to insure your tournament's success.
11. After the tournament, you have 30 days to file the required financial statements, copy of the sanction, and the National Entry Fee to the United States Ju-Jitsu Federation. A copy of the financial statement is also given to your regional sport organization or state chairperson. Any net profit/loss from the tournament must accrue to the club treasury for which the sanction is issued. If your club rules allow, you may be paid a fee for your work done on their behalf. The size of this fee is contracted between you and your club.
12. Mail sanction, financial statement, and National Entry Fee to John Chatwood, National United States Ju-Jitsu Treasurer at 3816 Bellingham Drive, Reno, NV 89511. Again, this must be done within thirty (30) days or the National Entry Fee is raised to \$2.00 instead of \$1.00.

## **Qualifying Competitors to United States Ju-Jitsu National Championships**

**Duty:** Each regional Sport organization and state committee shall have the right and duty to qualify a team of athletes from within their boundaries as their representatives to the United States Ju-Jitsu League Championships. Qualifying tournaments for or events leading to, the league and national championships must be held at least 30 days prior to the event being qualified for.

**Method:** Qualifications to the National League Championships must be determined by actual competition. Qualifications may only be determined by:

1. Holding an RJJ0 district championships; or,
2. A special qualification tournament held for the purpose of determining qualifiers to the National League Championships; or,
3. A point system based on the results of a series of actual competitions; or,
4. A regional tournament as outlined below.
5. RJJ0's who apply for may receive permission for one or more qualifier in their territory.

**Advertisement:** Regardless of the method used in, each such qualifying event must publish, in a prominent place on the tournament advertisement and entry blank, that this is a qualifying tournament for the United States Ju-Jitsu League Championships.

**Sanction:** For each such tournament to be valid, the appropriate sanction for the event must be secured, and all competitors must be properly registered as athletes by the United States Ju-Jitsu Federation.

**Qualifiers:** Each regional sport organization or state committee shall be able to qualify the appropriate number of athletes for each division at the United States Ju-Jitsu League Championships as determined each year. They shall be able to qualify a team for team competition if applicable. In regional Sport organizations where competition as described, is not practical, two or more regional Sport organizations may combine to hold of a Regional Qualification in order to qualify competitors for the United States Ju-Jitsu League Championships. A group of organizations participating in a "regional" shall be considered one RJO or state committee for the purpose of this rule. Large RJO's can petition and where need is recognized, additional qualifiers may be approved by the national office for that RJO.

**Limit to Substitutions:** Properly qualified athletes shall be the organization's athletic representatives at the United States Ju-Jitsu League Championships. A new group will be chosen each year. Once the results of the qualifications are received by The United States Ju-Jitsu Federation or its designated representative, no substitution of athletes from among these qualifiers may be made. Prior to submission to The United States Ju-Jitsu Federation of the qualifying results, a properly qualified athlete may be permitted to disqualify himself as an organization representative to the United States Ju-Jitsu League Championships and the next properly qualified and ordered athlete shall be allowed to take his place.

**Time Deadline:** The list of qualifiers must be received within the time guidelines adopted for the current year's United States Ju-Jitsu League Championships.

**Seeding:** Seeding of any athlete refers only to his/her being properly qualified and allowed to compete in the appropriate Championships. In the event of seeding, any such athlete shall only compete as a member of his/her regional sport organization or state chairman. The United States Ju-Jitsu Federation, at its option, may approve the seeding of the latest U.S. Team into the United States Ju-Jitsu League Championships without those individuals qualifying as outlined above. This must be agreed upon at each year's annual meeting. The United States Ju-Jitsu Federation may, at its option, approve the seeding of the first place winners at either the National League Championships or the National Championships without their qualifying as indicated above. This must be agreed upon at each year's annual meeting.

**Financial:** All financial statements, copies of sanction, and the \$1 or \$2 (whichever is appropriate) per competitor National Entry Fee must be received by the National Office prior to the opening ceremonies of the United States Ju-Jitsu League Championships. Failure to do so may disqualify any athletes from that qualifying competition to participate in or to receive any awards at the US Ju-Jitsu League Championships.

**Qualifications of Competitors to the National Championships:** The qualifiers for entry into the United States Ju-Jitsu Championships shall only be chosen through the United States Ju-Jitsu League Championships. Those numbers qualifying from each league shall be set by a predetermined formula based on the placing at the United States Ju-Jitsu League Championships. Such formula to be decided upon each year at the annual meeting of the United States Ju-Jitsu Federation based on entries into the respective league championships.

The Executive Board of the National Board of Directors shall be empowered to enforce any of the above rules and regulations and to interpret and rule on any situation not specifically covered under these rules and regulations. Amendments may only be made by a 2/3rd's vote of the United States Ju-Jitsu Federation.

**Notification Requirement:** At least 30 days prior to the qualifier, the regional sport organizations must notify all clubs currently registered or registered the previous year of the date of the qualifier for the league championships. This must be done at least 30 days prior to the qualifier.

**Ombudsman Action:** The ombudsman committee may at its discretion permit athletes to enter a league or national championships not otherwise qualified if the athlete has an acceptable reason for not being able to attend the appropriate qualifying championships. Further, ombudsman action can be used to approve qualifiers where it is the opinion that the competitors thusly qualified will be unable to qualify for the league championships.
