Alee France

dobbiamo inchinarci al tragico evento di Parigi (13 novembre 2015) e piangere le vittime di un ottuso terrorismo
Facciamo del drapeau, la bandiera del tricolore nobile di Francia, la nostra bandiera

A salvaguardia dei valori di pace, libertà e indipendenza che i padre dei nostri padre, i padri e noi tutti combattiamo giornalmente per mantenere e mettere a disposizione delle nuove generazioni

FRANCIA sei tutti noi! Gsb e Robert Clark Foundation

Avancer France

On doit se plier a la tragédie de Paris(13 Novembre 2015) et on doit pleurer les victimes d'un terrorisme brutal.

On doit faire du drapeau, le drapeau tricolore de France, notre drapeau.

Afin de préserver le valeurs de paix, de liberté et d'indépendance que le père de notre père, les pères et nous, tous combattons tous les jours pour entretenir et les donner aux nouvelles générations.

FRANCIA tu es comme nous tous! Gsb et Robert Clark Foundation

Go on France

We have to bow after the tragic events of Paris (13 November 2015) and cry for the victims of an obtuse terrorism.

We have to make the flag, the tricolour noble flag of France, our flag.

To safeguard the values of peace, freedom and independence which the father of our fathers, the fathers and us, we all have to fight daily to maintain and to give them to the new generations.

FRANCE YOU ARE ALL OF US!! Gsb and Robert Clark Foundation

Please read carefully

Given the many, many, initiatives that are occurring outside our regulation, we are publishing the following:

International Coordinator

Dear colleagues, Zuishin, Shihan, Shidojin, Senpai, Kohai, from hereon in, I would like to formalize the creation of what in reality has always existed inside our Federation, but often has been overlooked (certainly in good faith): we are talking about the position of the International Coordinator (INTERNATIONAL COORDINATOR KEIKAI NO HOJI).

The role of this position is to plan/coordinate the activities of everybody who has the necessity, desire or has the simple pleasure to travel in other countries and meet colleagues who are working inside our Federation. Not following our given protocol has caused issues in the past, where misinterpretations has led to incorrect information being distributed.

The formal institution of this position, (that for many reasons including historical and organizational is given to me, and to the HQ of the Wjjko/Wjjf in Milan) would not like to be an "obstacle" to the relationship that every one of you would like to create with colleagues from abroad, but only to help in avoiding, always in good faith, the creation of any implications, or disagreeable exploitations.

Please according to the above and starting from now, could you please inform our office by email, fax, letter or telephone, as a matter of courtesy, of your intentions to visit abroad, along with your itinerary. This is in order to maintain, inside our Federation equal and correct relationships for all.

Kind regards International President Giacomo Spartaco Bertoletti

Rome World Congress

Wjjf/Wjjko

10-12 June 2016

40 years of history 1976-2016

Dear friends, jujitsuka, Sensei, Shihan, So-shihan, at our 40th meeting of the Wjjf/Wjjko in Rome June 2016 (10-11-12 June 2016) in a certain sense, I'm concluding my 40 years at the top of the Federation, which, with Soke-dai Robert Clark, I am the founder, 'Shike Imote Kaigi.'

Given that the Federation (Wjjf) was officially born in November 1978, this would only be its 38th Congress, however its conception, along with WJJKO was in 1976, by us two, companions of one travel. Beryl Miao, who contributed a lot, is still here in part – but I am finishing alone.

We should not get caught up in details. These are simply numbers. What is important is the significance of these years and what has been achieved. In the preparation of the program, which is not yet definitive, I'm asking myself: "who were there in 1976/1986/1996/2006 and who is coming in 2016?"

It is not a rhetorical question. I'd like everyone to meditate on this thought and balance it with the many interpretations. There are no doubts that this Wjjf/Wjjko is the only structure that Soke-dai Robert Clark & I created. All the others are imposters that for their personal convenience are using the name and the Federation, and the logo which is my property. The WJJF-WJJKO logo was designed and given as a present to me in 1978 by the Soke Roland Maroteaux, who is coming to Rome to celebrate our 40 years, and Soke dai Robert Clark, with us. I have nothing more to add if only this:

Roma est Roma (Rome is Rome)

If for centuries it has been the cradle of the culture in the world, it will be the godmother of our "futuristic Wjjf/Wjjko". We are waiting Beryl and I, along with such well known people as Pham Xuan Tong, George Popper, and more in order to worthily remember 40 years of history (Clark/Gsb/Beryl), and we will never betray expectations!!

We would like to cordially invite you to join us at the only official 40th anniversary Congress of the WJJF-WJJKO. Many will try to emulate but there can only be one original.

Sincerely yours

Wakarimashita. Arigato Gizaimasu.
Keigu 挨拶 (Greetings with respect)

10/11/12 June 2016 / Rome / Italy

INTERNATIONAL CONGRESS

PROGRAM

Thursday 9 June 2016

Arrival at the Hotel
(package A)
Free dinner

Friday 10 June 2016

ATTENTION >
the prices for the package "A" and "B" are valid until 31/12/2015

Masterclass

It is with great pleasure that Shike Giacomo Spartaco Bertoletti, President of WJFF-WJJKO, and Kai Cho for WJFF in Ireland, Shihan David Toney attended what could only be described as the rebirth of WJFF-WJJKO in Great Britain.

The event was enhanced by all the proceeds of the Masterclass being donated to Christies Hospital, which was highly significant to the organisers of the event as the hospital supported Dave Flaherty and his family in their time of need – so much so that he describes them as 'his angels'.

The course was attended by several old friends which made the atmosphere at the event seem more like a family reunion – 'good friends know all your old stories but best friends have been there to live them with you'. A large delegation travelled from the North-East to support the cause, also a group from Northern Ireland and representatives from as near as Liverpool to London and further afield on the mainland.

The Course was held at Rudheath Leisure Centre and saw Senior Masters giving their expertise freely on three packed-to-capacity mats. Techniques ranged from traditional Ju-Jitsu, knife and gun defence to practical self defence and ground work.

The event is one of the very few that has been given accreditation and support by the Robert Clark Foundation, a charitable organisation set up to carry on the benevolent work of the late Soke Dai Clark, founder of the World Ju-Jitsu Federation.

Dave Flaherty MBE, a prestigious 9th Degree Black belt of the organisation, was also awarded the high honour of So-Shihan - そんな師範 by president Bertoletti – this denotes a master teacher, a model for the art. Sensei Flaherty was overwhelmed and felt a great sense of pride in the fact that so many people from the past were able to share in the celebration of this new promotion and the beginning of yet another new phase in his outstanding Martial Arts career. Students and senseis attending the course expressed the huge amount of respect they had for the former Direc-

the seminar was hosted in Burgas under the direction of Sensei Aslan. Nearly 35 advanced students took part in this seminar, where the techniques of black belt were explained. The seminar ended with the examination of those excellent technical skills and a lot of spirit was shown to Rostislav Arnaudov and George

Legend Masterclass

Seminar - Black Belt 2015

tor of Coaching, appointed by Soke Dai Clark, and spoke of their debt of gratitude to him for what he had given to them personally, or their clubs/organisations in terms of development. Not only that, but there has been an influx of enquiries from those currently outside our 'Federation family', both from those attending the event and those who were unable to make it but have followed its success on Facebook, & who wish to rejoin the fold, keen for 'the spirit to live on!'

It is with this reinvigoration in mind, that WJJF-WJJKO GB is opening the doors to welcome back all prodigal members who wish to avail of the expert guidance of one of the most senior, original members of Robert Clark's Federation. There is not only a wealth of expertise and professional support available but also practical assistance in terms of providing insurance cover, vetting for coaches, Safeguarding and Health & Safety policies etc and importantly officially accredited Dan Grades and Coaching qualifications. Anyone interested to discuss possible options can get in contact via WJJF-WJJKO's Headquarters at Cheshire Budo Federation.

Dave and partner Helen Travis (also a master instructor) will also be responsible for making all bookings for the 40th Anniversary Congress in Rome on behalf of our members in Great Britain. This is proving to be a phenomenally popular event so you are advised to book at once to ensure a place.

'Individually we are one drop – together we are an ocean.'

David Flaherty - davidflahertymbe@gmail.com

Seminar - Black Belt 2015

A Traditional "Black Belt" seminar was held for the seventh consecutive year. This year

Barakliyski. These are our new black belts. This seminar was combined with a National meeting of instructors and assistant instructors. They took very important decisions concerning the future development of the organization. Definitely a seminar filled with many positive emotions and loaded with expectations of the future.

From ju jitsu to wrestling or vice versa

One of the elite Grappling clubs (a type of wrestling) in Sofia, invited Shihan Kamen Radev to conduct a special training session which examined the link between traditional Ju - Jitsu and grappling. The club is managed by multiple-times champion of Bulgaria and European Champion in grappling

- Angel Karaivanov. Angel attended training under guidance of Shihan Radev for more than five years at the National Sports Academy "Vasil Levski" in Sofia. He is currently one of the best grappling professionals, not only in Bulgaria, but also outside. His club "Animal Warriors" is one of the elite in the country and has monthly participation in both tournaments in the country and outside. The seminar with Shihan Radev was very well received by practitioners. There were many questions on key techniques used in Ju -

Jitsu. In a spirit of friendship and mutual assistance we practiced with the desire to show that we are mature and we value friendship more than anything else. A beautiful seminar – great performances with many positive emotions.

In Parma for the high levels

Parma, 29 November 2015. It was a special lesson, that one made by Haruki Uemura in Parma on the occasion of the Seminar of high levels of Judo.

The 64 years old president of the Kodokan (that is the cradle of Judo) was the President of the All Japan Judo Federation, besides Olympic (1976) and worldly (1975) Champion, but what really made the lesson in Parma unique, as well as the quality of the message, was the fact that Uemura for the first time was in Europe individually.

“Icon” of the worldly Judo as the English George Kerr (10° dan), the French Serge Feist (8° dan) and the Japanese Kyoshi Murakami (8° dan) and Shoji Sugiyama (8° dan). Two days dedicated to the high levels, saw the meeting with the mayor Federico Pizzarotti, neo black belt.

includes Close Protection/ Bodyguard training and consultancy work for the Health & Social Services Board and the Northern Ireland Office. He has trained with some of the top Hungarian Bodyguards, including Atilla Farkas who protected Michael Jackson, and world-acclaimed trainers from Italy, Israel and Russia.

This, together with his wealth of experience of supplying tailored Self Defence courses for Women’s Groups and senior girls classes in schools, made this quite an exceptional experience for the area. The course was made up of practical advice, simple demonstrations and easy to learn techniques which are effective for diffusion of difficult situations and breakaway. These were practiced with the help of Senseis Daniel Reed and Ryan McClean from the dojo. Handouts were also supplied to give additional guidance for specific situations.

Fifteen local women took part and their feedback was excellent. ‘The use of real life instances made me become more aware of dangers around me’ said one woman ‘and the chance to try out our moves on the Red Man was priceless!’

The Red Man is a fully armoured body suit which, when worn, means the pretend ‘attacker’ cannot be injured whilst practicing even the hardest of defences. This is very expensive kit to buy and so the funding allowed that this could be hired in to the centre for the sessions. All the women commented that they enjoyed this section of the course because they could test themselves to the very limit. Some of the women even went so far to practice some simple martial arts throws and a couple of them, whose kids train in ju-jitsu at the centre, have intimated that they may give the Beginner Adults class a go after Christmas!

A spokesperson for the Funders commented: ‘Sport NI is delighted to ha-

Women's self defence classes at the dojo headquarters for Wjjf Ireland

STAYING SAFE NOW THE DARK NIGHTS ARE UPON US...

Thanks to funding from Sport NI, the Dojo, Wjjf Ireland, was able to offer a unique Personal Protection course for women in the area. This course was tailored for the individuals who pre-booked and meant that the topics covered women experiencing difficulties in their work situation, young women and girls moving to a more independent phase of their lives, women who had experienced some form of trauma in their past, and simply anyone wanting to feel more confident in their ability to look after themselves and their family.

Kaicho for WJJF Ireland, Shihan Toney has a packed resume spanning thirty years which

ve funded this project. It is great to see that our investment of £2630 is providing value for money and increased sporting opportunities. Projects such as this are vital in increasing the number of children and adults experiencing, enjoying and participating in sport and physical activity.’

WJJF Ireland looks forward to supplying more of this type of course with a view to encouraging more women into the Martial Arts.

Foundation approved Award for very deserving student

Special permission was granted by Shike Bertoletti to one young WJJF Ireland student so he could be examined at a private grading with his coach, overseen by KaiCho David Toney. John McClune of WJJF Deany Ju-Jitsu Club suffers from a condition which would mean it would be a very overwhelming experience to grade under normal examination conditions. His instructor Sensei Joe Wilson devoted a lot of his time to help this young man attain the highest degree of performance possible and he, acting as uke on

the day, pushed the young student to his very limits during the test to ensure he was aware that he had fully earned the award & it was not just given for attendance. Twenty-three year-old John worked long and hard for 6 years to attain this level, battling his disorder to work diligently through the WJJF syllabus, and both his teacher and examiner were adamant the experience of achieving the grade would be the best possible they could make for him.

It was a very rewarding day for all concerned when he was presented with the first Black Belt certificate in Ireland to be recognised by the Robert Clark Foundation, in Honoris Causa. Shihan Toney commented that it was a highly emotional occasion and that Sensei Wilson treated the young man like his own son. His family and fellow students were there to share the celebration and his mother was obviously delighted and very grateful to Sensei Wilson and all their WJJF family. John's mother told us that he had previously left another martial arts organisation that was unable to cater to his needs. Their loss was WJJF's gain and it is also very much evidence of Soke Clark's old adage 'The World Ju-jitsu Federation opens its doors to all.'

Good luck on your continued journey with Martial Arts John!
