We are entering in The year of “Dog” 2018 according to the Chinese horoscope. A symbol of loyalty, understanding of the human spirit and obedience of the master. The Chinese see this as an auspicious animal – if one enters your house, it brings you luck. Let’s hope it is the time for our great organisation to see an upward turn in fortune.

We have not perhaps had the developments that we would wish to have made from the new structure we devised. The new Triumvirate: Amir Barnea (Israel), Draghi Stefano (Italy), David Toney (Ireland) have had their own great events within their countries, but have also had their own issues to manage within their own groups. It has been more difficult than first thought to find a common way to move forward and the time to work on the logistics of this has been limited.

All three move forward with commitment to keeping the spirit of the organisation alive and we are hopeful of creating a new path with greater opportunity for growth in the coming months.

It is not too strong to say that the legal burden, coupled with direct ‘competition’ (or I might say ‘antagonism’) has caused somewhat of a hiatus within our motion. However it will take much more than that to disrupt a group with 42 years of experience and a wealth of talent and loyal coaches within our ranks. Indeed the Federation has grown with some new groups: in Nepal Janas Subedi, Belgio Van de Wiele Bruno, Netherland Dirk Klok, Spain Fco Jess Perez Pastor. Who has recently suffered on account of the legal matter, has been Australia headed by Hanshi So Shihan Peter Pace. This has been because of different laws in their country and not because it is just.

What we are now needing to forge ahead and create is a political and structural vision. It is Not sufficient to only organize seminars - often in locations created in these 42 year by me in agreement with Soke Robert Clark (1946-2012), which in reality have become more than a place for training (keiko) a place for chatting that kuchi (knoch) waza, the technique of chatting, so loved to Gunji Koizumi (1885-1965).

It is sure that this subconscious hiatus has come from the fact that we are waiting for the Euipo decision in order to decide what to do. But It is sure in this Way the Federation is risking the collapse.

After more than a year and a half Wjjf / Wjjko 1976 needs to look for and find a strong man - a leader - who knows how to coordinate a “work group”. Without looking at the “1976” past where Soke Clark and I lived. Counting on “men” that are by now legend is not productive for the new generations who do not remember the past, and should think of the future.

Among all has emerged the person of Bruce Bethers (USA) who, without losing any time, has affiliated some Federations from Spain to Portugal and he has increased groups in the USA.

As Tokugawa Ieyasu (1543-1616) wrote: also a Samurai (bushi) should have the time to reflect!

Someone asked me about the value of the “Guirlande d’honneur” - designed by Sergio Cazzaniga (author of the logos for World Games) - conferred on me by

President Ficts (Fédération Internationale Cinéma Télévision Sportifs), Professor Franco Ascani, in Milan in November 2017.

Without presumption I have been included in the “Hall of fame” that this year was given to Federica Pellegrini, Massimo Moratti, Pelé, (pseudonym of Edson Arantes do Nascimento), and not to mention other names: Charles Robert Redford Jr., and SELF Pope John Paul II and the president of the IOC, lawyer Thomas Bach.

Not bad for really “a poor country boy”.

with the support of Shihan Tamas Smaraglai Hungary).
A sign of gratitude for the promotion carried out for the Oriental arts in general and his personal dedication.
Our Koden now is moving to Bulgaria (19/21 January) and to follow Ireland (23/25 February). Not necessarily, while everyone is looking at their "little garden" should we not go back to Kuwait for Ju jitsu, Koden and Brasilian. In the sense that there are people who speak, and those who develop the activity.

It has been 8 long years since Soke Niiniketo, Hokuto ryu - the northern style -, influenced by Orion, the star of the "samurai", has decided to open himself to kenjitsu.

It would seem like yesterday, yet in these 8 years Koden has been extending its branches not only in Europe, in the Middle East and in the mysterious India. The merit is certainly of Soke Auvo Niiniketo and of the ichi-ban (number one) Shihan Tenhunen Kimmo (7th dan ju jitsu). We have to verify if Kimmo sensei should be from Finland, seen his imagination, eclecticism that would make him more a Latin Talented.

Tundra has produced a special fruit in addition to the snowy and cold landscapes and many reindeer. Shihan Ottar André Vassender (Norway), the "Viking", was awarded with the collar of Koden (craft work of Mentei Laszlo (Rodolfo)

Kuwait City (28/31 December 2017)

Two years have passed since the last stage in the land of Kuwaiti of So - shi - soke Hesham Saleh Aljaser, representative of the "Wjjf / Wjko 1976". Hesham Saleh Aljaser has been with us since 1988 - exactly 20 years working with us, after the first visit with Soke Robert Clark (1946 -2012) The desert wind has not wiped out the spirit (shin) of this character with whom we have promoted in addition to jujitsu: kendo, kobudo, shuriken jutsu, se-

curity and for several years also the Kodan Enshi Ryu Gsb Ha. The world of martial arts is also changing here in Kuwait, where Hesham Saleh Aljaser, who started in the late seventies, the practice of kyokushin, with Soke Masutatsu (Mas) Oyama 1923 - 1994 Founder of the Kyokushin Karate and with the devotees for example with Col. Furko Kalman (Hungary), an authority in the Eastern Europe for the style of the “mountain” (yama). Jujitsu was, for Hesham Saleh Aljaser, a revelation after having taken part also in a medium-eastern championship of Kendo. If we talk about koden, here there is a very close-knit group, which prefers the “way of the sword” - the spirit of Japan of the samurai - to the many proposals made on martial arts. Without advancing many beautiful words, the photos and more of them the video, can give you a cross-section of the mastery achieved, and I know very well about these things! With it, a trust that can be considered impertinent in the respect of the “famous” masters with almond eyes. Of course there can also be a small accident, it is part of the game - if you can say this - of the martial practice, without the need to publish it on the page on various websites, as someone did. Hesham Saleh Aljaser, is thinking about a “Middle Eastern convention” to give more importance to his position as vice president “Wjjf / Wjjko 1976. We shall see. Inshallah ! would say The colleague (1929 - 2006) Oriana Fallaci . That’s right if God wants!

The international Wjjko-Psd Rapid seminar

Bulgaria Official Academy for the BJJ of the PDS Rapid-wjjko school of the Masters la Salandra and Rigan Machado. 20-21 January in Sofia (Bulgaria) Host of the event is Master Georgi Zarkov. The event hosted a remarkable number of martial artists, who participated in the lessons of the Masters Antonio la Salandra with his Brazilian Jiu Jitsu, the immense GSB with the Kodan Ruy and last but not least the maestro Gianfranco Cameini with the ju jitsu Wjjko. Worthy of note, the official investor of Georgi Zarkov as head of the RAPID Academy BJJ MACHADO section Bulgaria wjjko , now worldwide academy, by Master Antonio la Salandra. The expansion of the Brazilian Jiu jitsu RAPID - Rigan MACHADO, strongly desired by Shike GSB, has thus singled out in the Maestro Antonio la Salandra, who recently also established an official academy in Los Angeles, a good vehicle for the dissemination and aggregation. In four different classes, the Master la Salandra, taught, the bases of the closed guard, the “mount positions”, and the finalizations. And then, ending with the strategy of combat. Promoted the first blue belts of the Bulgarian academy, the host gave us a new date for next year.
